Statement on Environmental Protection of Our Company's Product Packaging

Dear Customer

Greetings!

Our product packaging complies with the hazardous substance content limits stipulated in Regulation (EU) 2025/40 (the Packaging and Packaging Waste Regulation, "PPWR"). Details are as follows:

Hazardous Substances	Limit Standard	Scope of Application
Total heavy metals (lead + cadmium + mercury + hexavalent chromium)	≤100 mg/kg (homogeneous materials of the entire package)	All packaging materials: plastic, paper, metal, glass, composite packaging, printing ink, auxiliary materials
PFAS (Per- and Polyfluoroalkyl Substances, exclusive for food contact packaging)	Individual PFAS ≤25 ppb; total PFAS ≤250 ppb; total fluorine ≤50 ppmCore requirement: intentional addition of PFAS is prohibited in food contact packaging	Food, beverage and beauty contact packaging, oil-proof and waterproof paper bags, film-coated paper trays
PFAS control for non-food packaging	Intentional addition of PFAS is prohibited, and excessive residual PFAS is subject to control	Industrial packaging, logistics packaging, product outer packaging

Our products do not fall within the scope of food contact applications. As such, the PFAS limit requirements exclusive to food contact packaging are not applicable, and we make no PFAS compliance commitments for the relevant packaging.
